

Ambu® Training Devices

Overview of content of Latex and
REACH Regulated SVHC substances.

Ambu

According to the European Chemical regulation (REACH) Ambu is obligated to inform about products containing listed SVHC substances (Substances of Very High Concern) in concentrations above 0.1% (w/w). See the following website for the current version of the SVHC list: http://echa.europa.eu/web/guest/candidate-list-table

The table below provides an overview of all Ambu Training devices in relation to content of REACH Regulated SVHC substances in concentrations above 0.1% (w/w). The table also includes information on which products are made with Natural Rubber Latex. Ambu products presented in this list will be labeled as indicated below. All products that has "No" in the SVHC column (column 2) does not contain any substances currently on the SVHC list.

Product	**Contents of SVHC above 0.1% (w/w) and description of substance**	**Natural Rubber Latex**
